

Strategic Plan (2024-2027)

Mission: To improve the lives and professional environment of current and future family physicians so they can provide exceptional care to their patients and communities.

Vision: Family physicians will be universally valued for their role in providing high quality care to the people of North Carolina.

Advocacy Committee

Objective: Strengthen the influence of family medicine with health systems, government agencies, and payers.

Goals:

- Decrease the administrative burden faced by family physicians in their day-to-day practice lives.
- Increase investment in family medicine to reflect our value and scope.

Practice Environment and Professional Development Committee

Objective: Support family physicians in their personal and professional development and satisfaction.

Goals:

- Provide education on different practice models and enhanced practice efficiencies.
- Provide high quality education and increase networking opportunities.

Workforce Committee

Objective: Grow the future family physician workforce in North Carolina.

Goals:

- Encourage policy makers, systems leaders and practices to incentivize precepting, teaching and mentoring.
- Nurture medical student interest, resident engagement, and new physician retention.
